GOVERNMENT GAZETTE

Conditions of Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in—

(a) the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and

(b) the Manual of Style for the Drafting and Preparation of copy published by Printflow (Private) Limited;

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, "copy" means copy for all matter contained in the *Gazette* itself and for subsidiary legislation issued as supplements to the *Gazette*.

1. (1) Other than by prior arrangements, only original typing is accepted.

(2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained, elsewhere, as, for example, in the case of a proclamation.

(3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

2. (1) All copy must be clear and legible, and there must be double or one and a half spacing between the lines.

(2) Any corrections or alterations made by the originator, must be clearly effected in blue or black ink, using editorial marks—not proof-reader's marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.

(2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.

(3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.

(4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more

sheets being inserted between those already numbered, all sheets must be renumbered from there onwards—not, for instance 7, 7b, 8, *et cetera*.

4. Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

5. (1) Should any copy—

(a) exceed 10 pages of double-spaced typing on size A4 paper; or

(b) contain tabular or other matter which involves complicated setting; it will be classed as "lengthy" copy, and will be required to be submitted not less than 21 days before the date of closing for the *Gazette* in which it is to be published.

(2) Lengthy copy may be accepted at less than 21 days' notice if—

(a) the work involved is of a straight forward and non-tabular nature; and

(b) the total volume of work on hand for the time being permits its acceptance.

6. Notwithstanding anything to the contrary contained in these conditions, any copy—

(a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;

(b) may, due to shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted exactly as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, "Insolvency Regulations—Form 3".

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out—

(a) the name and address of the advertiser; and

(b) the debtor's code number, if any; and

(c) the required date or dates of publication.

10. If a typographical error occurs in the *Gazette*, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions—

(a) that such error is reported to the editor within three months from the date of publication; and

(b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and

(c) that the correction of such error is legally necessary.

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting and pay for such notice to be published.

(3) For the removal of doubt—

(a) a typographical error is made by a typographer;

(b) a typist's error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist's work.

GOVERNMENT GAZETTE

Submission of Copy for Government *Gazette* Statutory Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the "Conditions for Acceptance of Copy", which appears in every issue of the *Gazette*; and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the *Gazette* in which the notice is to be published.

During the past few months or so there have been many cases where urgent copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication in the *Gazette* after closing-time. Whilst I acknowledge that it is the duty of Printflow (Private) Limited to give certain notices special treatment, I am, however, of the view that a *Gazette* Extraordinary has tended to be a must rather than a matter of priority in respect of unwarranted delays of urgent copy.

While every effort will continue to be made to publish Extraordinaries on the required dates, copy must be submitted timeously so that it can be programmed into the printing-work-flow as soon as it is available.

G. JONASI,
Acting *Gazette* Editor.

SCHEDULE

AGREEMENT

BETWEEN

THE REPUBLIC OF ZIMBABWE

AND

THE SWISS CONFEDERATION

FOR THE AVOIDANCE OF DOUBLE TAXATION WITH RESPECT TO TAXES ON INCOME AND ON CAPITAL GAINS AND THE PREVENTION OF TAX EVASION AND AVOIDANCE

THE Republic of Zimbabwe and the Swiss Confederation, (hereinafter referred to as "the Contracting States" and individually as "the Contracting State");

DESIRING to further develop their economic relationship and to enhance their cooperation in tax matters,

INTENDING to conclude an Agreement for the elimination of double taxation with respect to taxes on income and on capital gains without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this Agreement for the indirect benefit of residents of third States)

HAVE AGREED as follows:

ARTICLE 1

PERSONS COVERED

1. This Agreement shall apply to persons who are residents of one or both of the Contracting States.

2. For the purposes of this Agreement, income derived by or through an entity or arrangement that is treated as wholly or partly fiscally transparent under the tax law of either Contracting State shall be considered to be income of a resident of a Contracting State but only to the extent that the income is treated, for purposes of taxation by

that Contracting State, as the income of a resident of that Contracting State. In no case shall the provisions of this paragraph be construed so as to restrict in any way a Contracting State's right to tax the residents of that State.

ARTICLE 2

TAXES COVERED

1. This Agreement shall apply to taxes on income and on capital gains imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.

3. The existing taxes to which the Agreement shall apply are in particular:

(a) in Switzerland:

the federal, cantonal and communal taxes on income (total income, earned income, income from capital, industrial and commercial profits, capital gains, and other items of income);

(hereinafter referred to as "Swiss tax"); and

(b) in Zimbabwe:

(i) the income tax;

(ii) the non-resident shareholders' tax;

(iii) the non-residents' tax on fees;

(iv) the non-residents' tax on royalties;

(v) the non-residents' tax on interest; and

(vi) the capital gains tax.

(hereinafter referred to as "Zimbabwean tax").

4. The Agreement shall apply also to any identical or substantially similar taxes that are imposed after the date of signature of the

Agreement in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their respective taxation laws.

5. The Agreement shall not apply to taxes withheld at source on prizes in a lottery.

ARTICLE 3

ARTICLE 4

RESIDENT

1. For the purposes of this Agreement, the term 'resident of a Contracting State' means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then that individual's status shall be determined as follows:

(a) the individual shall be deemed to be a resident solely of the State in which a permanent home is available to the individual; if a permanent home is available to the individual in both States, the individual shall be deemed to be a resident solely of the State with which the individual's personal and economic relations are closer (centre of vital interests);

(b) if sole residence cannot be determined under the provisions of subparagraph (a), the individual shall be deemed to be a resident solely of the State in which the individual has an habitual abode;

(c) if the individual has an habitual abode in both States or in neither of them, the individual shall be deemed to be a resident solely of the State of which the individual is a national;

(d) if the individual is a national of both States or of neither of them, the Competent Authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident solely of the State in which its place of effective management is situated. In case of doubt the competent authorities of the Contracting States shall settle the question by mutual agreement.

ARTICLE 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

(a) a place of management;

(b) a branch;

(c) an office;

(d) a factory;

(e) a workshop; and

(f) a mine, an oil or gas well, a quarry or any other place of extraction or exploitation of natural resources.

3. The term "permanent establishment" shall be deemed to include:

(a) a building site, a construction, assembly or installation project or any supervisory activity in connection with such site, project or activity, but only where such site, project or activity continues for a period of more than 183 days;

(b) the furnishing of services, including consultancy services, by an enterprise of a Contracting State through employees or other personnel engaged by this enterprise for such purpose, but only where activities of that nature continue (for the same or a connected project) within the other Contracting State for a period or periods exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned;

(c) for an individual, the performing of services in a Contracting State by that individual, but only if the individual's stay in that Contracting State, for the purpose of performing those services, is for a period or periods aggregating more than 183 days within any twelve-month period commencing or ending in the fiscal year concerned;

(d) activities carried on by an enterprise in a Contracting State for a period or periods aggregating more than 183 days within any twelve-month period commencing or ending in the fiscal year concerned which consist of, or which are connected with, the exploration for or exploitation of natural resources situated in that State.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;

(e) an installation or assembly project carried on by an enterprise of a Contracting State in the other Contracting State in connection with the delivery of machinery or equipment produced by that enterprise;

(f) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any activity not listed in subparagraphs a) to e), provided that this activity has a preparatory or auxiliary character; or

(g) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs

(a) to (f), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2 but subject to the provisions of paragraph 6, where a person is acting in a Contracting State on behalf of an enterprise, that enterprise shall be deemed to have a permanent establishment in that state in respect of any activities which that person undertakes for the enterprise, if;

(a) such a person, habitually concludes contracts, or habitually plays the principal role leading to the conclusion of contracts that are routinely concluded without material modification by the enterprise, and these contracts are:

(i) in the name of the enterprise, or

(ii) for the transfer of the ownership of, or for the granting of the right to use, property owned by that enterprise or that the enterprise has the right to use, or

(iii) for the provision of services by that enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph; or

(b) such a person does not habitually conclude contracts nor plays the principal role leading to the conclusion of such contracts, but habitually maintains in that State a stock of goods or merchandise from which the person regularly delivers goods or merchandise on behalf of the enterprise.

6. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their

business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, and conditions are made or imposed between that enterprise and the agent in their commercial and financial relations which differ from those which would have been made between independent enterprises, he shall not be considered an agent of an independent status within the meaning of this paragraph.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

ARTICLE 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as are attributed to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the

same method year by year unless there is good and sufficient reason to the contrary.

7. A Contracting State shall make no adjustment to the profits that are attributable to a permanent establishment of an enterprise of one of the Contracting States after 6 years from the end of the taxable year in which the profits would have been attributable to the permanent establishment. The provisions of this paragraph shall not apply in the case of fraud, gross negligence, wilful non-disclosure or misrepresentation.

8. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

INTERNATIONAL TRANSPORT

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that Contracting State.

2. For the purposes of this Article, profits from the operation of ships or aircraft in international traffic shall include:

(a) profits derived from the rental on a bare boat basis of ships or aircraft used in international traffic;

(b) profits derived from the transport by rail or road transport vehicles;

(c) profits derived from the use, rental or lease of containers; provided that such profits are incidental to the profits to which the provisions of paragraph 1 apply.

3. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9

ASSOCIATED ENTERPRISES

1. Where—

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State;

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly–profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

3. A Contracting State shall not include in the profits of an enterprise, and tax accordingly, profits that would have accrued to the enterprise but by reason of the conditions referred to in paragraph 1 have not so accrued, after 6 years from the end of the taxable year in which the profits would have accrued to the enterprise. The provisions of this paragraph shall not apply in the case of fraud, gross negligence, wilful non-disclosure or misrepresentation.

ARTICLE 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

(a) 5% (five per cent) of the gross amount of the dividends if the beneficial owner is a company which holds directly at least 25% (twenty five per cent) of the capital of the company paying the dividends throughout a 365 day period that includes the day of the payment of the dividend (for the purpose of computing that period, no account shall be taken of changes of ownership that would directly result from a merger or divisive reorganization, or from a change of legal form, of the company that holds the shares or that pays the dividend);

(b) 15% (fifteen per cent) of the gross amount of the dividends in all other cases.

3. Notwithstanding the provisions of paragraph 2, the Contracting State of which the company is a resident shall exempt from tax any dividend paid by that company if the beneficial owner of the dividend is:

(a) a pension fund of the other Contracting State; or

(b) the central bank of the other Contracting State.

4. Paragraphs 2 and 3 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

5. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

6. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the

company paying the dividends is a resident, through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

7. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises, and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 7,5 % (seven and a half per cent) of the gross amount of the interest.

3. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein and the debtclaim in respect of which the interest is paid is effectively

connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 12

ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 7,5% (seven and a half per cent) of the gross amount of the royalties.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment with which the right or property in respect of which the royalties are paid is effectively connected, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 13

FEES FOR TECHNICAL SERVICES

1. Fees for technical services arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, subject to the provisions of Articles 8, 16 and 17, such fees for technical services may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the beneficial owner of the fees is a resident of the other Contracting State, the tax so charged shall not exceed 2,5% (two and a half per cent) of the gross amount of the fees.

3. The term "fees for technical services" as used in this Article means any payment in consideration for any service of a managerial, technical or consultancy nature, unless the payment is made:

(a) to an employee of the person making the payment;

(b) for teaching in an educational institution or for teaching by an educational institution; or

(c) by an individual for services for the personal use of an individual.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the fees for technical services, being a resident of a Contracting State, carries on business in the other Contracting State in which the fees for technical services arise, through a permanent establishment situated therein and the fees for technical services are effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

5. For the purposes of this Article, subject to paragraph 6, fees for technical services shall be deemed to arise in a Contracting State if the payer is a resident of that State or if the person paying the fees, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the obligations to pay the fees was incurred, and such fees are borne by the permanent establishment.

6. For the purposes of this Article, fees for technical services shall be deemed not to arise in a Contracting State if the payer is a resident of that State and carries on business in the other Contracting State or a third State through a permanent establishment situated in that other State or the third State and such fees are borne by that permanent establishment.

7. Where, by reason of a special relationship between the payer and the beneficial owner of the fees for technical services or between both of them and some other person, the amount of the fees, having regard to the services for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment

exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

(a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned; and

3. Notwithstanding the preceding provisions of this Article, remuneration derived by a resident of a Contracting State in respect of an employment, as a member of the regular complement of a ship or aircraft, that is exercised aboard a ship or aircraft operated in international traffic shall be taxable only in that State. 2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in his capacity as such accrues not to the

entertainer or sportsperson himself but to another person, that income may, notwithstanding the provisions of Articles 7 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised. The provisions of the preceding sentence shall not apply if it is established that neither the entertainer or the sportsperson himself, nor persons related to him, participate directly in the profits of such person.

3. Income derived by a resident of a Contracting State from activities exercised in the other Contracting State as envisaged in paragraphs 1 and 2, shall be exempt from tax in that other State if the visit to that other State is supported wholly or mainly by public funds of the first-mentioned Contracting State, a political subdivision or a local authority thereof, or takes place under a cultural agreement or arrangement between the Governments of the Contracting States. In such case the provisions of Article 7 shall apply.

ARTICLE 22

ELIMINATION OF DOUBLE TAXATION

1. In the case of Switzerland, double taxation shall be avoided as follows:

(a) Where a resident of Switzerland derives income which may be taxed in Zimbabwe in accordance with the provisions of this Agreement (except to the extent that these provisions allow taxation by Zimbabwe solely because the income is also income derived by a resident of Zimbabwe), Switzerland shall, subject to the provisions of subparagraph b), exempt such income from tax but may, in calculating tax on the remaining income of that resident, apply the rate of tax which would have been applicable if the exempted income had not been so exempted. However, such exemption shall apply to gains referred to in paragraph 4 of Article 14 only if actual taxation of such gains in Zimbabwe is demonstrated.

(b) Where a resident of Switzerland derives dividends, interest, royalties or fees for technical services which may be taxed in Zimbabwe in accordance with the provisions of Articles 10, 11, 12 or 13 (except to the extent that these provisions allow taxation by Zimbabwe solely because the income is also income derived by a resident of Zimbabwe), Switzerland shall, in accordance with the provisions of Swiss law on the crediting of foreign withholding taxes (which shall not affect the general principles of this provision) allow as a deduction from the Swiss tax on the income of that resident an amount equal to the tax paid in Zimbabwe. Such deduction shall not, however, exceed that part of the Swiss tax, as computed

before the deduction is given, which is attributable to such items of income derived from Zimbabwe.

(c) A company which is a resident of Switzerland and which derives dividends from a company which is a resident of Zimbabwe shall be entitled, for the purposes of taxation in Switzerland with respect to such dividends, to the same relief which would be granted to the company if the company paying the dividends were a resident of Switzerland.

(d) The provisions of subparagraph a) shall not apply to income derived by a resident of Switzerland where Zimbabwe applies the provisions of this Agreement to exempt such income from tax or applies the provisions of paragraph 2 of Articles 10, 11, 12, or 13 to such income.

(e) Subparagraph (a) shall not apply to the extent that, in accordance with the Swiss provisions on the minimum taxation of large multinational enterprise groups, which have been enacted on the basis of the Global Anti-Base Erosion Model Rules (Pillar Two), a top up tax must be levied on the person resident in Switzerland for the tax year in question in respect of a permanent establishment situated in Zimbabwe.

2. In the case of Zimbabwe, double taxation shall be avoided as follows:

Where a resident of Zimbabwe derives income which, in accordance with the provisions of this Agreement, may be taxed in Switzerland, Zimbabwe shall allow as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Switzerland. Such deduction shall not, however, exceed that part of the Zimbabwean income tax, as computed before the deduction is given, which is attributable to the income which may be taxed in Switzerland.

ARTICLE 23

NON-DISCRIMINATION

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected

therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of paragraph 1 of Article 9, paragraph 6 of Article 11, paragraph 6 of Article 12 or paragraph 7 of Article 13 apply, interest, royalties, fees for technical services and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

ARTICLE 24

MUTUAL AGREEMENT PROCEDURE

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in

accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of either Contracting State. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States, provided that the person presented his case according to paragraph 1 within ten years after the tax year concerned.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.

4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

ARTICLE 25

EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to the taxes referred to in paragraph 1. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorizes such use.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (*ordre public*).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

ARTICLE 26

MEMBERS OF DIPLOMATIC MISSIONS AND CONSULAR POSTS

1. Nothing in this Agreement shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

2. Notwithstanding the provisions of Article 4, an individual who is a member of a diplomatic mission or consular post of a Contracting State which is situated in the other Contracting State or in a third State shall be deemed, for the purposes of this Agreement, to be a resident of the sending State if:

(a) in accordance with international law he is not liable to tax in the receiving State in respect of income from sources outside that State; and

(b) he is liable in the sending State to the same obligations in relation to tax on his total income as are residents of that State.

3. The Agreement shall not apply to international organizations, to organs or officials thereof and to persons who are members of a diplomatic mission or consular post of a third State, being present in a Contracting State and not treated in either Contracting State as residents in respect of taxes on income.

ARTICLE 27

ENTITLEMENT TO BENEFITS

Notwithstanding the other provisions of this Agreement, a benefit under this Agreement shall not be granted in respect of an item of income if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of this Agreement.

ARTICLE 28

ANNEX

The following Annex constitutes a Protocol which forms an integral part of this Agreement.

ARTICLE 29

ENTRY INTO FORCE

1. Each Contracting State shall notify to the other, through diplomatic channels, the completion of the procedures required by its law for the bringing into force of this Agreement. The Agreement shall enter into force on the date on which the later of those notifications has been received.

2. The provisions of the Agreement shall have effect:

(a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the calendar year next following the entry into force of the Agreement;

(b) in respect of other taxes for taxation years beginning on or after the first day of January of the calendar year next following the entry into force of the Agreement;

(c) in respect to Article 25, to information that relates to fiscal years or business years beginning on or after the first day of January of the calendar year next following the entry into force of the Agreement.

ARTICLE 30

TERMINATION

This Agreement shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Agreement, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year. In such event, the Agreement shall cease to have effect:

(a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the

calendar year next following that in which the notice was given;

(b) in respect of other taxes for taxation years beginning on or after the first day of January of the calendar year next following that in which the notice was given.

PROTOCOL

The Republic of Zimbabwe

and

The Swiss Confederation

Have agreed at the signing at ..... on the ..... of the Agreement between the two States for the avoidance of double taxation with respect to taxes on income and on capital gains and the prevention of tax evasion and avoidance upon the following provisions which shall form an integral part of the said Agreement.

1. ad Article 1

(a) Notwithstanding the other provisions of this Agreement, a collective investment vehicle which is established in a Contracting State and which receives income arising in the other Contracting State shall be treated for purposes of applying the Agreement to such income as an individual who is a resident of the Contracting State in which it is established and as the beneficial owner of the income it receives (provided that, if an individual who is a resident of the first-mentioned State had received the income in the same circumstances, such individual would have been considered to be the beneficial owner thereof), but only to the extent that the beneficial interests in the collective investment vehicle are owned by residents of the Contracting State in which the collective investment vehicle is established.

(b) For purposes of this paragraph, the term "collective investment vehicle" means, in the case of Switzerland, a contractual fund as defined in Article 25 and an investment company with variable capital as defined in Article 36 of the Federal Act on Collective Investment Schemes of 23 June 2006 and, in the case of Zimbabwe, a Collective investment scheme registered in terms of the Collective investments schemes Act [*Chapter 24:19*], as well as any other investment fund, arrangement or entity established in either Contracting State which the

competent authorities of the Contracting States agree to regard as a collective investment vehicle for purposes of this paragraph.

(c) Notwithstanding the other provisions of this Agreement, a Swiss limited partnership for collective investment as defined in Article 98 of the Federal Act on Collective Investment Schemes of 23 June 2006 which receives income arising in Zimbabwe shall not be treated as a resident of Switzerland, but may claim, on behalf of the owners of its beneficial interests, the tax reductions, exemptions or other benefits that would have been available under this Agreement to such owners had they received such income directly. It may not make such a claim if the owner has itself made an individual claim for benefits with respect to income received by the partnership.

2. ad sub-paragraph i of paragraph 1 of Article 3

It is understood that the term "pension fund" includes the following and any identical or substantially similar funds which are established pursuant to legislation introduced after the date of signature of this Agreement:

(a) in Switzerland, any pension fund covered by:

(i) the Federal Act on old age and survivors' insurance, of 20th December, 1946;

(ii) the Federal Act on disabled persons' insurance of 19th June, 1959;

(iii) the Federal Act on supplementary pensions in respect of old age, survivors' and disabled persons' insurance of 6th October, 2006;

(iv) the Federal Act on income compensation allowances in case of service and in case of maternity of 25th September, 1952;

(v) the Federal Act on the institution for the administration of the compensation funds of AHV, IV and EO of 16th June, 2017;

(vi) the Federal Act on old age, survivors' and disabled persons' insurance payable in respect of employment or self-employment of 25th June, 1982, including pension funds which offer individual recognized pension plans comparable with occupational pension plans;

(vii) the Federal Act on Vested Benefits of 17th December, 1993;

(viii) paragraph 6 and paragraph 7 of Article 89a of the Swiss Civil Code of 10th December, 1907;

(ix) paragraph 1 of Article 331 of the Federal Act on the Amendment of the Swiss Civil Code (Part Five: The Code of Obligations) of 30th March, 1911.

(b) in Zimbabwe, any pension fund registered in terms of the Pension and Provident Funds Act [*Chapter 24:09*].

3. ad Article 4

In respect of paragraph 1 of Article 4, it is understood and confirmed that the term "resident of a Contracting State" includes in particular:

(a) a pension fund established in that State; and

(b) an organization that is established and is operated exclusively for religious, charitable, scientific, cultural, sporting, or educational purposes (or for more than one of those purposes) and that is a resident of that State according to its laws, notwithstanding that all or part of its income or gains may be exempt from tax under the domestic law of that State.

4. ad paragraph 5 of Article 5

It is understood that the determination of the profits attributable to a permanent establishment resulting from the application of paragraph 5 will be governed by the rules of Article 7. The profits to be attributed to the permanent establishment in accordance with Article 7 are only those that the permanent establishment would have derived if it were a separate and independent enterprise performing the activities that paragraph 5 attributes to that permanent establishment.

5. ad Articles 7 and 12

It is understood that payments received as a consideration for the use of, or the right to use industrial, commercial or scientific equipment constitute business profits covered by Article 7.

6. ad Articles 18 and 19

It is understood that the term "pensions" as used in Articles 18 and 19, respectively, does not only cover periodic payments, but also includes lump sum payments.

7. ad Articles 18 and 23

As regards Article 18 and Article 23, contributions to a pension fund of a Contracting State that are made by or on behalf of an individual who renders services in the other Contracting State shall, for the purposes of determining the individual's tax payable and the profits of an enterprise which may be taxed in that State, be treated in that State in the same way and subject to the same conditions and limitations as contributions made to a pension fund in that Contracting State, provided that the individual was not a resident of that State, and was participating in the pension fund, immediately before beginning to provide services in that State.

8. ad Article 24

It is understood that, if Zimbabwe agrees to an arbitration clause in a double taxation agreement with any third state, the following paragraphs 5 and 6 shall have effect between Switzerland and Zimbabwe from the date on which the agreement between Zimbabwe and that third state becomes effective.

"5 Where:

(a) under paragraph 1, a person has presented a case to the competent authority of a Contracting State on the basis that the actions of one or both of the Contracting States have resulted for that person in taxation not in accordance with the provisions of this Convention; and

(b) the competent authorities are unable to reach an agreement to resolve that case pursuant to paragraph 2 within three years from the date when all the information

required by the competent authorities in order to address the case has been provided to both competent authorities,

any unresolved issues arising from the case shall be submitted to arbitration if the person so requests in writing. Unless a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision or the competent authorities and the persons directly affected by the case agree on a different solution within six months after the decision has been communicated to them, the arbitration decision shall be binding on both States. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this paragraph.

6. The Contracting States may release to the arbitration board, established under the provisions of paragraph 5, such information as is necessary for carrying out the arbitration procedure. The members of the arbitration board shall be subject to the limitations of disclosure described in paragraph 2 of Article 25 with respect to the information so released.

In cases where proceedings have been initiated before the date on which paragraphs 5 and 6 become effective, the three year period referred to in sub-paragraph b) of paragraph 5 shall start on that date.

9. ad Article 25

(a) It is understood that an exchange of information will only be requested once the requesting Contracting State has exhausted all regular sources of information available under the internal taxation procedure.

(b) It is understood that the tax authorities of the requesting State shall provide the following information to the tax authorities of the requested State when making a request for information under Article 25:

(i) the identity of the person under examination or investigation;

(ii) the period of time for which the information is requested;

(iii) a statement of the information sought including its nature and the form in which the requesting State wishes to receive the information from the requested State;

(iv) the tax purpose for which the information is sought;

(v) to the extent known, the name and address of any person believed to be in possession of the requested information.

(c) It is understood that the reference to "foreseeable relevance" is intended to provide for exchange of information in tax matters to the widest possible extent and, at the same time, to clarify that the Contracting States are not at liberty to engage in "fishing expeditions" or to request information that is unlikely to be relevant to the tax affairs of a given taxpayer. While subparagraph (b) contains important procedural requirements that are intended to ensure that fishing expeditions do not occur, clauses (i) through (v) of subparagraph (b) nevertheless are not to be interpreted in order to frustrate effective exchange of information.

(d) It is understood that Article 25 does not require the Contracting States to exchange information on an automatic or a spontaneous basis.

(e) It is understood that in case of an exchange of information, the administrative procedural rules regarding taxpayers' rights provided for in the requested Contracting State remain applicable. It is further understood that these provisions aim at guaranteeing the taxpayer a fair procedure and not at preventing or unduly delaying the exchange of information process.

IN WITNESS WHEREOF the undersigned, duly authorized thereto, have signed this Protocol.
