Statutory Instrument 125 of 2026.

[CAP. 13:19

Electricity (Licensing) (Amendment) Regulations, 2026 (No. 2)

IT is hereby notified that the Minister of Energy and Power Development after consultation with the Zimbabwe Regulation Authority has, in terms of section 65 of the Electricity Act [*Chapter 13:19*], made the following regulations:—

1. These regulations may be cited as the Electricity (Licensing) (Amendment) Regulations, 2026 (No. 2).

2. The Electricity (Licensing) Regulations, 2008, published in Statutory Instrument 103 of 2008 (hereinafter referred as the principal regulations), are amended in section 2 by the insertion of the following definitions—

"Commercial projects" means electricity generation projects set up for the purpose of selling electricity generated to a consumer(s);

"generation for own consumption" means a generation facility that generates electricity for the sole use by the owner of the plant;

"grid connected plant" means a generation plant connected to the national grid;

"non-grid connected plant" means a generation plant separated from the grid and operating in island mode;

"non-commercial off grid" means a generation plant not operating for profit.".

3. The principal regulations are amended in section 4 by the insertion of the following section after subsection (2)—

(3A) All such companies licensed in terms of section 40 of the Electricity Act, shall, pay application fees at submission of application for a license and license fees after the approval of the application for the relevant license as prescribed in the Second Schedule.".

4. The principal regulations are amended by the repeal of the Second Schedule and the substitution of—
